

Recessed Wall Box & Cover – OMWCB220

OneMount has changed its recessed wall box and cover to suit today's install requirements. The new larger dimensions allow for the installation of standard electrical switch wall plate covers, as well as increased space for a screen power supply, small DS/media player and cables. The *OMWCB220* can be used with or without the optional *OMWCB220* cover.

Specifications	OMWCB220 & OMWCB220
Colour	Silver*
Height	220mm
Width	220mm
Depth	95mm
Cover	Cover available as an optional extra
Other Information	Spade connector built in

**other colours are available with a 5 day lead time*
